**RESPONSE TO OFFICE ACTION – RESTRICTION REQUIREMENT—
OF JULY 13, 2007 - TRAVERSE**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

It is appreciated the Examiner reconsidered and orally agreed to withdraw the restriction requirement in the above-identified patent application. In a telephone interview with the Examiner, Abbas I. Abdulsalam, on August 2, 2007, the Examiner agreed to withdraw the restriction requirement.

The restriction requirement grouped the claims in two sets: The first claim set was indicated as being drawn to electrical devices such as data processors or calculators, and the second claim set was indicated as being drawn to telecommunication devices such as PDAs or radiotelephones. However, as the Examiner agreed during the telephone interview, both claim sets are drawn to communication devices and methods of operating such devices.

At this time no election is being made with regard to either identified claim set because of the Examiner's agreement to withdraw the restriction. If there still is a need to make an election even though the Examiner agreed to withdraw the restriction, then it

is respectfully requested that the Examiner promptly advise the undersigned by telephone so an election could be made.

It is respectfully requested the restriction requirement be withdrawn and the application proceed for timely examination on the merits.

Respectfully submitted,
RENNER, OTTO, BOISSELLE & SKLAR, LLP
